

Reece gave an overview of last year's School Performance Plan so the SOT will be prepared to go over both the budget and the School Performance Plan at the next meeting. The plan includes multiple areas of data that are used to create the plan, including SBAC information. The plan covers different areas of interventions and goals for Tarkanian, as well as how the plan will be monitored and evaluated. One item that was highlighted for both this and next year is a process for unwrapping standards (PLC Process). Student placement was also discussed and a framework has been put in place for the upcoming school year (40% SBAC, 40% AIMSWeb, 10% teacher recommendation, 10% letter grade). The school performance plan from last year is available on the Tarkanian web site for anyone that would like to read it in its entirety.
