

Locker Guidelines

Due to increased enrollment, a locker is not guaranteed to every student as there are not enough lockers to accommodate all students. Lockers will be assigned to all incoming sixth graders and to seventh and eighth grade students who express interest in having a locker. Please note that students will be permitted to go to their regular lockers in the morning before the start of the school day, immediately before and after their lunch period, and after school. Students must plan to carry needed materials with them until the appropriate locker times. This will keep students from being tardy. Furthermore, students will learn to manage their time wisely. PE lockers will be assigned to students taking PE during the first week of each semester. Students will have access to their PE locker only during their PE class period.

Students using their lockers at inappropriate times may be assigned deans' detention. If the student continues to use his/her locker at inappropriate times, the locker may be taken from the student. Students are not permitted to share lockers; students found to be sharing lockers may have their locker privileges revoked.

The following rules of locker use must be observed. Students are to:

1. Keep their locker combination confidential. **DO NOT** share the locker and/or combination with another student. This includes the PE locker.
2. Remove items of value from the locker. These items should be kept at home.
3. Make sure the locker is firmly and securely closed after each use.
4. Report any problems with your locker immediately to the deans' office.
5. Expect **NO** privacy in the use of your locker. Lockers remain the property of the Clark County School District and as such may be routinely searched by employees of the school district (CCSD Regulation 5144).
6. Accept responsibility for any loss or damage to books or personal property stored in the locker.

The school and district are not responsible for the loss or theft of personal property, which is brought to school. If a theft occurs, the student should notify the deans' office promptly. The school will assist as much as possible to recover lost or stolen property; however, we encourage students to leave valuables at home.

Backpack Guidelines

Backpacks and slingpacks are discouraged on campus and are prohibited in our classrooms and cafeteria. If a student brings a backpack or slingpack to campus, they are required to place it in their locker before the first morning bell rings. Classrooms are too small to accommodate every student carrying a backpack or slingpack as this creates a safety hazard; these items create obstacles in the classroom. Students are permitted to carry a clutch and/or purse with dimensions no more than 8 inches by 5 inches for essential hygiene items.
